Re: Longwood Gardens Nursey/Greenhouse Project

I have reviewed the proposed changes submitted by Longwood Gardens dated November 20, 2018. The changes provided meet the intent of my letter dated November 9, 2018.

The fire apparatus access road for the drafting location at the onsite pond will still require fire department involvement and approval as listed in the November 20, 2018 plans.

Please contact me with any questions.
