AT-GRADE CROSSING
Bayard Road
DOT No. 517 654 P
MPMS No. 103213

Ms. Howley:

As you may be aware, the Commonwealth of Pennsylvania, Department of Transportation (the Department) is filing an application with the Pennsylvania Public Utility Commission (PUC) for the approval to install a railroad warning device, where Bayard Road crosses at-grade the track of East Penn Railroad, LLC, (DOT #517 654 P) located in Kennett Township, Chester County.

This action is in accordance with the Section 130 Federal Rail Safety Program, which provides 100 percent Federal funding for the construction of railroad warning devices on public roads. The Railroad will seek reimbursement from the Department for 100 percent of the construction costs.

Please sign, date, and affix the Kennett Township seal at the space provided on this letter and return the original to the District office. Please also provide a resolution agreeing to allow the Department to file this application on your behalf, and authorizing the Department to issue Notice-to-Proceed letters to the railroad for design and/or construction. If a resolution is not provided it will be presumed that by signature, date, and seal of this letter that you concur with these conditions and authority is granted, and no resolution is necessary.
