

KENNETT TOWNSHIP
PUBLIC WORKS DEPARTMENT

TO: Kennett Township Board of Supervisors
FROM: Roger Lysle, Director of Public Works
Subject: Report for March 17 – April 21

1. Cedar Croft and Route 82 Intersection up grade is underway. Contracts were awarded and materials are ordered. This job is expected to be completed by September 15, 2021. Traffic restrictions will occur once construction begins, but there will be no closures. This is getting completed thanks to a joint grant with East Marlborough Township.
2. Barkingfield Dog park was closed for reseeding on April 5, 2021 and will remain closed until the new grass grows (we're hoping to reopen it in about a month). During this time the small dog park is open.
3. Our winter cleanup is finished. Plow posts were pulled, yards were repaired, and plows and spreaders were repaired and put away. In addition, the salt piles have been covered for the summer.
4. Street sweeping of subdivisions was completed by our crews and an outside contractor.
5. Drainage area on Burrows Run Road was repaired. In addition, repairs to several inlets in subdivisions and washed-out shoulders from storm damage was repaired.
6. Tree work was done at Township Lots and Spar Hill to get ready for the mowing season.
7. Spring cleanup was done along with Red Clay Valley, as we do every year. Due to COVID-19, this year was scaled down, but it was better than last year when it was canceled. Township crews picked up bags of trash that were left along the roadside. Red Clay Valley provided dumpsters that we hauled these to at different locations. Also, a tire dumpster was supplied allowing for us to get rid of the 62 tires that we picked up throughout the year. Most of those came from the floods.
8. Our crack sealing program will be taking place at the end of this month, depending on weather. Our crews will work with a contractor to complete this. Lane restrictions during this time is expected but traffic control will be done by flag persons.
9. Tree trimming will be done on Rosedale Road between Hillendal4 and Bayard to prep it for paving this summer.
